

How do I register?

Parents

1. Before beginning the registration processes, you will need the following:
2. Your unique registration email. Your school will send you a registration email containing a registration link and an invitation code. This email will be sent from Capita SIMS (noreply@sim.co.uk). If you cannot find this email, please check your junk mail and ensure it has not been marked as SPAM. When asked for your invitation code, you can either click on the link provided in the email, or if you had to select the web address in the email, you will need to copy the invite code from the email and paste it into the space provided.
3. The date of birth of one of your children who attends the school – which will need to be entered. For security purposes this information is not displayed or used in the SIMS Parent system. Then click Register.
4. A Microsoft (including Office 365), Google, Facebook, Twitter or SIMS ID account. You can use an existing account (e.g. a Hotmail account) or create a new one online - they are free, easy to set up and you can use any valid email address and password.

Frequently Asked Questions

Why can't I open the Data Collection Sheet for my child?

- If the Data Collection Sheet is not visible from SIMS Parent for your child, you may not meet the criteria required for submitting changes to your child's account. A registered child contact must live at the **same address as the child** in order to be eligible to make updates to the Data Collection Sheet.
- If you can see the Data Collection Sheet but it is locked (a padlock icon will be displayed), the Data Collection Sheet has been previously submitted and is waiting for a school administrator to authorise and apply the changes. Once the changes have been applied, the Data Collection Sheet will become available again.
